

COVID-19 COVERAGE AT GUFFEY FAEMS

Guffey FAEMS (Fire And Emergency Medical Service) is open for most services we provide. Before, during and after the COVID-19 outbreak we have been, are and will be here to serve southeast Park County residents and visitors. We are also fulfilling our mutual aid agreements with surrounding agencies. Under direction of government authorities and our physician advisor we continue to staff Station One in Guffey everyday from 09:00 (9:00 a.m.) to 15:00 (3:00 p.m.) and our volunteers are providing around the clock response to all emergencies. During the COVID concerns we ask you to call Guffey FAEMS Station One during business hours at 719-689-9479 to see how we can help with your routine needs. As ALWAYS, CALL 911 WHEN YOU HAVE AN EMERGENCY.
